January 12, 1994

Mr. James D. Bauer
U.S. Department of Energy
P.O. Box 550
Richland, WA 99352

Dear Mr. Bauer:

Re: Notice of Deficiency, 242-A Evaporator Dangerous Waste Permit Application

On December 14, 1993, you were sent a Notice of Deficiency (NOD) for the 242A Evaporator Dangerous Waste Permit Application by Mr. Gary Anderson of the Washington State Department of Ecology (Ecology). At that time, Mr. Anderson was the Ecology Unit Manager for the referenced project. Included in the letter was notification that the permitting functions for this project would be transferred from our headquarters office in Olympia to the local office in Kennewick and that I would be assuming the duties of Unit Manager.

As I am new to the project, it would be beneficial for the permitting of the 242-A Evaporator if I take the time to review the Part B Permit Application and provide additional comments to the NOD. Therefore, the permit review process will begin again as of January 15, 1994, and I will provide additional NOD comments by May 15, 1994. It is not necessary for you to begin your NOD response cycle until my additions have arrived.

If you have any questions concerning this matter, please call me at (509) 736-3018.

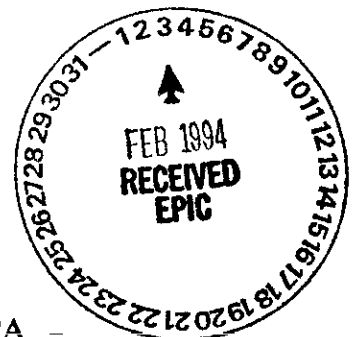

Sincerely,

Alex Stone, 242-A Evaporator Unit Manager
Nuclear & Mixed Waste Management Program
